

# English III - Grading System

Teacher Stephen G. Reynolds, Jr.

## **Present:**

Being present in class will account for 15% of year-end grade.

100%	20 points
85% to 99%	15 points
75% to 84%	10 points
50% to 74%	5 points
Less than 50%	0 points

## **Study Questions:**

Average of Study Questions scores will account for 15% of year-end grade.

Example: If average percentage for year is 90% then the grade will be 13.5 points out of a possible 15 points.

If year average is above 100% no special bonus is awarded. Bonuses are awarded only as needed. (Each individual Study Question, Quiz, or Assignment will be subtracted 10 points for unreasonable tardiness. Definition is teacher's decision.)

## **Quizzes:**

Average of Quiz scores will account for 35% of year-end grade.

Example: If average quiz grade is 100% then the year-end grade will be 35.

If year average is above 100% then a bonus 5 points will be awarded. (40 points, not 35.)

## **Assignments:**

Average grade will determine grade. A possible 35 points.

**Bonus:** Class Participation. Rated 1 to 5. (Poor - Ok - Good - Very Good -Excellent.)
